WALTER J. DRYSDALE, Proprietor

Rosetta Divide Mining Company

Capital Stock 1,500,000 Shares Treasury Stock 750,000 Shares

OFFICERS AND DIRECTORS

C. W. TAYLOR. President J. M. FENWICK, Vice-President JULIUS GOLDSMITH. Secretary D. F. MURPHY, Manager PAT MOONEY

A. H. ELFTMAN, Consulting Engineer

The Rosetta Divide Mining Company was incorporated November 25th, 1918, to operate the Rosetta group of four claims in the Tonopah Divide Mining District. While it is believed that an investment now in any of the Divide issues cannot fail to return a handsome profit within a short time, the Rosetta company feels that the surface showings on their property fully warrant the faith that they will be able to bring in another Divide.

The property is in direct line with the operations of the Gold Zone, Divide, Brougher Divide and Dividend. The Big Divide vein extends through the Rosetta group and there are exceptional showings of gold and silver at numerous points on the surface. Leasers are developing an unusually favorable showing on a block of this ground 300 feet square. They have already exposed some very high grade ore and specimens showing free gold are frequent.

THE COMPANY IS OFFERING A LIMITED AMOUNT OF TREASURY STOCK AT TEN CENTS PER SHARE

The stock will be listed on the San Francisco Stock Exchange about February 1st, 1919. Interested persons are invited to make a personal inspection of the property and your local broker will gladly make arrangements for conveyance. Consult your broker concerning this issue.
